Dear Cousin

Have been going to write
to you for weeks but with
holidays coming I am
as busy as a herd dog.

I have gotten about
all the information
I can on the families
so I will get it to you
as soon as I can.

I am just about
finished with my
Christmas Cards. I
don't do much shopping
for Christmas but have
been busy knitting
sweaters for the school
children.

Our weather is
sunny but
cold for us. We
need rain. We
have had two
dry years so

hope we will have a
great one this year.

There are so many
families to visit it
keeps us hoping.

Will get busy on
these records and
get them to you as
soon as I can
after the holidays.

Have a Merry Christmas
with your family.
Hope you can read
this scribbling.

Love

Rose

Dear Herbert:

I am sorry to be so long in answering your letter. I have corresponding with my brother about your book but can't seem to get anywhere with it. His second wife isn't one to be interested in family and keeps him busy with her affairs. He is willing to help on expenses as far as the family booklet is concerned. He forgets there is much work to be done also. If you can explain to me what it all entails I will see what I can do about it.

I have been in the process of rewriting all the records I have as there is much to be added. I have been going over all the material I have I find some information I received from from you several years ago. I just kept in my files but haven't done much about getting it written until Tom Percy asked me for some of the records. Seems his daughter wanted to get things together. That was two years ago and I wrote to her for information on Tom's family and to this day I haven't heard from her. I met Tom in Reno two years ago when he had been out to Vancouver to visit his brother Warren. Warren and his wife get to Reno several times a year on these bus trips which are arranged by the gambling casinos and they get the trip for about a week with practically all expenses paid including one night stopover on the way and motel rooms in Reno and trips to several places of interest in the area. He usually lets me know when they are coming down to Reno and on occasion we take a trip up to visit him. We have visited him in Vancouver a couple of times in our travels. I should be hearing from him soon as they usually have a trip in April. We don't go in the winter as we aren't used to driving in the snow. Reno is about 260 miles from us so it isn't too far. I had corresponded with Warren during World War I and again during World War II. So it was interesting to meet him.

In a letter of 1962 you wrote you were endeavoring to some information from Ireland about earlier ancestors. Did you ever get anything from there? Evidently I had made a dumb mistake about my gendmother's name, this was purely accidental as I knew her name was Mahala as I, too, was named after her. You also sent some records of a Census of 1851. The records I have show Lovina was born August 28, 1846, William John born December 7, 1848, Martha Ann born March 6, 1850, John born August 1, 1851, Mary Jane born October 1, 1853 and my father, Calvin Wheeler born May 29, 1857. If the census was taken in 1851 it seems it would have been early in the year according to the ages given at the time. It should have shown William as being 3 next birthday and Martha as 1 and John wasn't born until August 1851. But your letter states the census was likely taken in the Fall which wouldn't agree with some of the ages as of next birthday.

Also you sent me the information of the wife of Michael Ryan Percy. Have you been able to determine what her birthday was? Also have some records of the Irish family you sent at the time. These dates and so much information gets a little confusing at times. Well, I will have to continue this at another time as it is time to get dinner going. More later.

This Easter Sunday and I will try to get more of this on paper before we have to leave to go to our grandson's for the afternoon and evening. He and his wife are having all of their family together. So it should be a good day. It is a bright and sunny day but we have been promised rain before the night is over.

More about the wife of Michael Percy, Annie Tanner. She was evidently a daughter of the second marriage since the name Deborah Ball is given as her mother and she must have been born in Vermont. What is your idea of this.

As far as your book "Forgotten Leaves of Local History" I would like to have a copy of it for I would be interested in reading it. If I find it may be interesting to my brother I will have him send for one. I am sending you a check for \$7.00 as I am sure it would cost that much to send that far.

I can imagine the fun of having a large group of your children and little ones around. Earl, our son says when he has some of them staying at their house, the house is jumping. When ours were small and we had all of them for the holidays there were five boys who were born between 1926 and 1931 and maybe you don't think our place was jumping. Fortunately in San Francisco all houses had full basements on the ground level and they had plenty room to play. Earl, who was some older and June my brother's daughter who was nearer his age used to go for a walk or to a movie. But now our place is too small to have a group here and I just can't handle the commotion. So the younger generation do it all now.

I have gotten some information about my father and Uncle Will but I don't know whether you would be interested or not but will tell you anyway. As you must know they were both members of the Masonic Lodge. Last year two of our granddaughters were joining the Eastern Star and the Masonic Temple where the meetings were held was the same one where my father attended years ago and owned by his Lodge, San Jose #10 A & F M. So I thought perhaps he had gotten his degrees there so went about to find the name of the present secretary. I asked him for the information and he said it could take a while for records that old were stored in a vault. I said I was in no hurry just a matter of curiosity. Within the hour he called back with the information. My father had affiliated with San Jose Lodge #10 on June 1, 1896 having demitted from Prince Arthur Lodge #33 in Flesherton, Ontario. I wrote to the secretary of that Lodge and believe it or not I had an answer in about ten days. My father and his William took their degrees together in January, February and March of 1893. Our two sons took their degrees together sixty years later in 1953. The coincidences here are eerie. My father and brother were nine years apart in ages so were our two boys, both instances they were two brothers of a family of three boys one of whom died in infancy, my grandmother was the same age when she had William as I was when I had Earl and she was the same age when my father was born as I was when Neil was born. I have been a member of the Eastern Star for 58 years. At one time our whole family belonged to the same Eastern Star Chapter but now I am the only one still in it. Deaths took most of them and my brother dropped it when his wife died and my two sisters demitted for other reasons. Neil was Master of his Lodge in 1971.

I must get back to typing these records over again. I had started two years ago and was waiting for information from several people I wrote to but still now answers. Then in 1973 I had to have cataracts taken from both eyes so that stopped for a while but I am quite used to the glasses now so had better get busy. Would you care for a copy with all the additions?

You asked about Lulu Thorne. She is the youngest daughter of Lovina Percy Walker. She is the last one of the family. Her oldest sister died April 4, 1965, she would have been 96 on April 19th. Lulu will be 92 on April 1st. Most of that family lived to be in their 80's and 90's except one who died in infancy. Lavina died in childbirth with her 10th child. Lulu lives in Roanoke, Virginia in some sort of boarding home. Her son-in-law takes care of her affairs but she is very bright and writes to me quite often. She only had two daughters, one died when she was a year old and the other one died in 1961 of cancer of the jaw. She left two children. A daughter of the older sister, Florence, lives in Millbrae about 30 miles north of us I see her once in a while and we correspond regularly or I call on the phone. I have just written to her about your books.

If you will give me an idea what getting this book together about the Percy and what it entails I will try to help on it. Is there any certain number that have to be printed and so on. I think I could handle the mailing but the publishing part is the stumper. In the meantime I could judge about twenty copies out here. Our family are the only ones out here now. All of Uncle Will's family are gone but there are a couple or three grandchildren in the area but I have lost track of them but I could make an effort to locate them. Aunt Martha's family are all gone, Herbert her oldest son died about three years ago at 94 years. I can write to his widow and find out if their children would be interested in a copy. I don't have any addresses of any of Aunt Jane's family as the older ones are gone and I never had any correspondence from any of them. They all live in North Dakota and Herbert's family in Minnesota.

My husband and I are in good health. We both keep busy with our daily chores. He has his garden to keep him out of mischief and out of my hair and he does a lot of work for the grandchildren. He likes woodwork and has made many pieces of furniture for them. We are both 76 just now and he will be 77 in June. We will celebrate our 57th wedding anniversary in May. So we are not doing so badly. He has been retired since January 1, 1964 and we are still able to eat and do the things we want to do. We sold our home in San Francisco in the Fall of 1963 and realized quite a profit on it. We bought it new in 1931 and the price of real estate at that time was quite low even for San Francisco. Sold at a price that paid for this duplex which we live in and have a rental. By keeping things in top notch shape we have no problem in renting at a good price.

Well, it is about time I call my better half in to get cleaned up so we can join the family. Hope you and all your family are well and you are able to enjoy all of them. Hope you don't get tired reading all this gab. Write when you find time.

Best wishes,

Rose Nancy

Dear Cousin:

I was very happy to get your letter with the snapshot of you and your sisters and brother. Your sisters surely don't look their ages. Both you and your brother look quite tall. I remember Ross as being quite when he was out here with your mother. I believe from my recollection she, too, was tall. My sister, Margaret is tall also being 5 feet 10 but now will only admit to 5-9 $\frac{1}{2}$. She has one son and he is 6 feet 7. I am the runt in the family being just 5 feet. Now I have lost quite a bit of weight and feel like a skeleton with a sheet draped over me. My mother always said I would be short and dumpy as my Aunt Martha, Dad's sister. I certainly don't intend to burn that picture. I am happy you sent it to me.

Yes, all of you in your 80's and we are inching along there. Our parents weren't even married when your youngest sister was born. My brother will be 80 in November. The rest of us are, 78, 77, and 75 this year. I will be sending you a couple of additions to our son, Neil's family come November, both of his daughters-in-law are expecting their second babies in November almost on the same day.

I am doing very well with my new hip but still using a cane. The three months won't be up until the 25th of this month. I am able to prepare our meals now for which my husband is very thankful because he hates to do anything about the house that is inside. He will do anything on the outside and keeps up the lawns and has a very nice garden in back. He does a lot of cabinet making for the grandchildren. If they need a toy box, a chest of drawers he makes them. He even made a couple of cradles for Neil's daughters-in-law. He made three bookcases, cabinet affairs for our oldest granddaughter and she has had so many compliments on them. They are each six feet tall and some three feet wide. She can have them moved from one wall to another whether she wants them together or on different walls.

I manage to do a little dusting but the heavy work my husband does. He still washes the dishes while I lie down to rest after preparing the dinner. What a life. This recuperation period is surely slow but I will make it.

We have had a very dry winter this year, less than half of our annual rainfall. We had a good shower yesterday morning so didn't have to water the lawns. A shower at this time of year for us is unusual. We having very nice weather just now. Hope our winter will be real wet this year.

Had a letter from May Meeks, Ila's daughter. Hope she will help you with some of their family history. Evidently Ila hasn't been too well. Hope all of you are well and things keep you busy. We are all fine. Write when you can, I enjoy your wit.

Love,

Nor Honey

Dear Dr. Burleigh:

As your long-lost cousin
I've just about disappeared the
past couple of months! That isn't
from lack of interest, however,
but because I started a part-time
library job in May and June.

Just now I'm on a week's holiday
with my Boston aunt, Carolyn Cowan.
She was my mother's half-sister,
and her mother was a Beck.
This is a beautiful vacation spot,
where she's come for many years.

I'm on my way back to Toronto
on Sunday, July 13. My husband
will meet me in Kingston, and
we'd like very much to see you
Monday, July 14. He'll be driving.
Would you be free to give us a
guided tour of the Percy family
areas then? My husband, Gordon
Winch will probably phone next
weekend, before he leaves Toronto.
Hoping very much to see you then

Dear Herbert:

I am ashamed to be so long in letting you know that I received the book some time ago. Thank you so much, I have been reading it but with interruptions so I have to go back a bit at times but hope to get finished in a few days. It is very interesting to me. Our weather has finally taken a turn for the better, really spring now. The winter months were rather dry and when it should have been spring we had very many heavy rain storms and cold winds. We had snow on the mountains around our valley two or three times during March and April. We are in a secluded valley between two ranges of mountains of the Coast Range Mountains. The past few days our temperatures have been in the 80's so the garden is sprouting and all flowers blooming profusely.

Our families are all quite well. We are awaiting the arrival of another great grandchild, due in early June. After that arrival we will take our annual trip to Salt Lake and Denver. To Salt Lake to visit my husband's elderly sisters and to Denver to visit my only niece, my brother's daughter. We have always been very close and much greater extent since her mother was killed in the automobile accident which all but ended my life. I am thankful to be as well as I am but I tire very easily. My housework is about all I can handle and with this weather means some spring cleaning. I get it done with my husband's help.

There isn't much to tell you that I have already told you so will close for now. I hope your health is good. I remember when your mother and Ross were out here years ago. Tell him hello for me.

Best wishes,

Ross

Dear Herbert -

I am returning your manuscript - Carfax shall not ring tonight. I really enjoyed reading it. I thought that the composition, language etc. was excellent. I think that you should begin writing fiction - short stories first - then a book - How about it?

We spent Thanksgiving Day with Angela and Larry and their two boys - John and Jim. John will be in University next year - McMaster. Jim is four years younger and has quite a name for himself as an actor. Angela teaches Remedial Reading in four different schools in Dunnville - and Larry teaches in Hamilton - driving back and forth every day. They have quite an interesting set up where they live. They bought Larry's old home farm at Dunnville. There is a gas well on the property which they use for heating their home and for cooking. Of

course; all the safety demands have been looked after. Angela is taking a course at the Master. He dines every Fri evening for classes and also on Saturdays. He spends almost all her Summer Holidays at Summer School. Next year she will have "the Degree" then hopefully for a while we will have the regular vacations.

Since this is our Golden Wedding Year Elliott and I are already planning a trip. So far we haven't decided exactly where we want to go. Marion & Edna want us to spend time with them then visit Tim and Beth at Hilton Head S. Carolina and Edie and Bill at Spartanburg S. Carolina. In any case we hope to be away from our cold Canada for a while.

We keep in contact with Ruth's children in Portland Oregon. all are married. Ruth's oldest girl is ready for university and should be enrolled by now.

Peter - Marion's eldest son is assistant pastor at St. Luke's Episcopal Church in Atlanta. He also heads the Pastoral Counselling Dept.

John is ~~Director~~ ^{Director} of Estate Planning at Duke University, Durham, N.C. He travels widely and loves his job. Tim with Champion Paper Co. and Bill Edie's husband is a Chartered Acct. No more. Keep well! Love. Penny & Elliott. Thanks!

Nov. 16.

Dear Herb - At long last I
am sending back the saga. It
went to the public stenographer
the last week in Sept. He was
busy, then flew for me, more
neglect, and here it is almost
Xmas.

I haven't had a minute to
sort out the notes I made this
summer - what with 39 pupils
in Grade I, a niece at Teacher's
College and a home to look after -
in the meantime, in between
time - I've been busy.

I hope all are well at your
house. We go to N. Carolina for
Xmas - we'll fly, I think. The
nice long 16 day holiday can't
come too soon.

Love to you all.

Penny.

a report on Colorado's aging population and some chronic illness problems, recently prepared by the Colorado State Department of Public Health.

1. From 1900 to 1950 the group 65 years and older has multiplied nearly 8½ times, while the general population has multiplied only 2½ times.

Celebrates 90th Birthday

TAMWORTH — Mrs. James York quietly celebrated her 90th birthday on Wednesday, April 8th, at the home of her daughter, Mrs. Ross Paul (Margaret) here.

Some years ago Mrs. York had the misfortune to break her hip which has caused her to live a quiet life, outside of which her general health is exceptionally good and she has all her faculties and enjoys having her friends call and chat with her. Her husband passed away some twenty-one years ago, they had resided in Parham prior to his death, but for a number of years she has lived with her daughter, Mrs. Paul, in this village.

Mrs. York has two granddaughters, Mrs. J. Boddy (Aleta) of Lansdowne, and Mrs. H. Robertson (Vera) of Cornwall, also one son, Mr. Neily York of Parham, and three grandsons, Mr. Harold York of Parham, and William and Carl Paul of Tamworth, and three great grandchildren.

Mrs. York still does beautiful crochet work and has made several pairs of fancy pillow slips during the past year.

She received many cards and gifts from friends, as well as a number of callers who expressed their congratulations in person.

Kitty of Coleraine.

One morning as beautiful Kitty was tripping
With a pitcher of milk from the fair Coleraine
When she saw me she stumbled, the pitcher it tumbled,
And all the sweet buttermilk watered the plain.

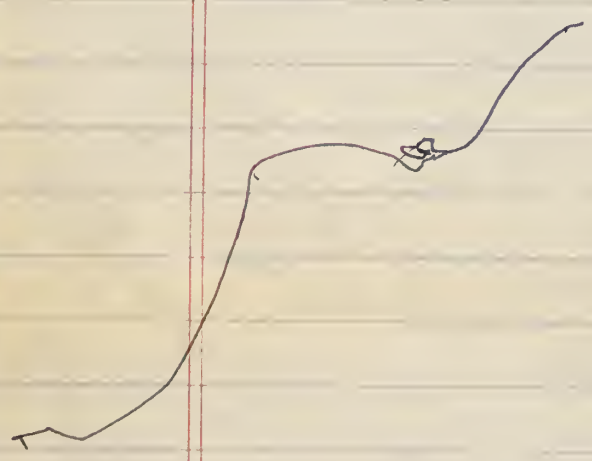

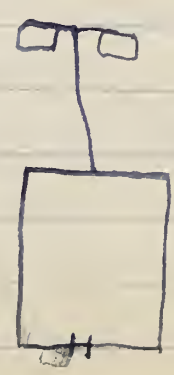

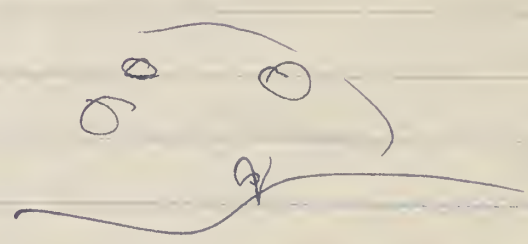

Ah, what shall I do now, it was looking at you now
Sure, sure such a pitcher I'll ne'er see again
Ah Barney McLeary (twas the pride o' me dairy).
You're sent as a plague to the girls of Coleraine

I sat down beside her and gently did chide her
That such a misfortune should give her such pain
A kiss then I gave her, and ere I did leave her
She vowed for such pleasure she'd break it again.

Tw'as the hay-making season and that was the reason
plain

Divil a pitcher was whole in Coleraine

BATH, Ont.

Dear Sir,

In reply to your letter of the 3rd instant, I regret to say that the Regimental History of the 60th Regiment is not amongst our collection of British Regimental histories and it is therefore impossible for us to give you the required information.

A letter addressed to the War Office, London, England, in whose custody are all records and nominal rolls of the British Army will receive attention and, if available, the desired data will be sent to you.

Yours sincerely,

Francis J. Audet, LL.D.,
Chief of the Information.

no - P. A.P. & name. ind., though there is ^{presumptive} evidence that he came from N.H. The name P. seems in ~~any connection of~~ together & Costello & Ryan names in colonial N.H. D.D. D.D. D.D. Licensure a J.P. served in Capt. Henry's Coy of Col. Rpt of N.H. from to (see in H. State Papers). The J.P. of whom we find that was indicted ⁱⁿ 1781 in the Am. Colo. Coy. . . . having admitted previous service in reb. forces, likely in Col. Regt. as noted above. On his entry into Can he became a member of Capt. Francis' Coy of Hampshire Rangers. A report on the state of this Coy., when furnishing details on personnel, refers to J.P. as follows de da da. When peace was declared in 1783 J.P. was in Canada blackberry, when he was discharged for a service in Dec 24 1783. His name is found in two petitions circulated during the winter of 1783-84, one for speedy discharge, in order to ^{enable} ~~rehabilitate~~ himself. The other for favor of a soldier settlement at Missisquoi Bay, at the end of L. Champlain. His Coy remained in Canada until the Spring

of 1784, when on ^{it left for S. and arrived} to the new settlements ^{to be found} up the St Lawrence. His Coy joined the Unit. later in ^{the} day the early days of June arrived at K. for settlement in Tp 2, later known as Emeraldtown. By June 16 that part of the L.R. had landed on the shores of Emerald Lake Bath & Millstream. Within a few days location tickets for land had been drawn & he & wife & her two ch by Jas Costello, James & Catherine left for their land.

Some time before arrival in Montreal in May 1784 and Oct 1784 he was. Catherine Ryan, widow of James Costello (see Costello) because she is shown in subsistence list of ^{as a} widows with 2 ch., and in the Muster Roll of Oct 7/84 J.P. is shown with wife & 2 ch. as settlers in Tp 2 (Emeraldtown). When & by whom the man was performed is unknown, in spite of long & diligent search. Very likely it was performed by his O.C. Maj. Jessup, or by Rev. Geo. Stuart while in Montreal or K.

Dear Cousin

you will no doubt have concluded before now that promptness is not one of my strong points. I could of course give some excuses for my delay, but what's the use? I do not know that I can give much valuable information on the subject but will willingly help all I can. As near as I can get to the facts, from conversations with members of our family are that Grandfather Perey was born in 1795. enlisted as soldier at Kingston in 1812 at age of 17 (1812 - 17 = 1795) He died at our home in Deseronto

Below you will find birth dates
of my mother & her children, as
per your request.

Mother was born	May 26 th	1840
my sister Frances A-	- 5 th	1860
- Bro Jos E	Mar 28	1862
- Augustus J	June 26	1864
Jos S (me)	Sept 17	1866
Jno Albert	- 1 st	1868
Harvey M	June 23 rd	1870
Frank Percy	Apr 3 rd	1872
Edith Annetta	Mar 15 th	1874
Fred Brock	Dec 4	1877

Two of my brothers died a number
of years ago. I can get the dates
if you wish for for them. Now if there
is ~~anything~~ more information I can
give please let me know & I will
not delay so long in writing next time

in December 1885. (We moved to
Toronto the following spring 1886)
Aged 90. $1885 - 1795 = 90$.

Grandmother Percy died at the
old home near Bellrock in year 1878
month of Sept. about two weeks
later Aunt Frances Percy was brought
to our home near Marlbank, quite
sick at the time and died the follow-
ing Dec (1878) (We moved to Desero-
nto the following Spring 1879.)

My mother informs me that her
father raised a family of 16 children
2 of whom were his sisters children.

His father's family never lived
in U. S. A. so that when they landed
at Quebec, they must have arrived
from Ireland,

but I do not know
others

Wishing you & yours all

Irish Potato Really Bolivian

MANY people found out something that they didn't know before when Dr. Clarence F. Jones, of Clark University, Worcester, Massachusetts, recently was quoted in a newspaper as saying that the familiar Irish potato isn't Irish at all, but a native plant of South America that spread over the world from the highlands of Bolivia.

Scientists whose job it is to check the history of growing things have known for a long time that the edible root which they call the "Solanum tuberosum"—the so-called Irish potato—was first discovered and cultivated in South America, in what is now Bolivia, and in the adjacent countries of Peru, Ecuador and Colombia.

How far back the Indians of these countries grew and ate "Irish" potatoes is hard to say, but it is known that the Spanish explorers brought the potato to Spain from South America soon after 1580. In those days people were not quite sure that the potato was good to eat, but before 1590 the vegetable was being grown in Italy and in Austria. Slowly it became known further North and in the early 1660's potatoes were a successful field crop in Ireland, where the soil and the climate seemed especially suited to them.

The "Solanum tuberosum" was first brought to America in 1719 by a company of Scotch-Irish immigrants who settled at Londonderry, New Hampshire, and planted a field with some of the seed potatoes they had brought to the New World.

From Londonderry the potato gradually found its way to every section of the North American Continent where, understandably enough, it was known as the Irish potato.

Because of the confusing, and entirely wrong, stories attached to the so-called Irish potato, few people have understood where it came from and how it came to be known as a product of Erin's Isle. One version of the spread of the white potato which has been printed and reprinted in many books is that it was found growing in North America by English colonists and carried back to England by Sir Walter Raleigh who taught his countrymen the pleasures of tobacco.

It is supposed that this erroneous story got around because Sir Walter returned home with a potato-like vegetable grown by the Algonquin Indians and called the "openawk." The "openawk," however, is a tuber-bearing climber of the bean family and is not really a potato at all.

Dear Sir -

~~Supplies~~ are always ~~coming~~ us. But this letter be one for you. Perhaps ~~by telling~~ ^{introducing} myself I may at least reveal my identity. My mother is a dau. of Jos. L. Percy ~~a first cousin~~ ^{and grand dau.} of Michael Ryan Percy a brother of John Percy. This last John had ^{among others} ~~sons~~ John ^{and} Peter. If I am right this younger John is your father who is buried in Newburg.

As I have made ancestry hunting a hobby and since 1923 have been gathering information about the families of my parents and hearing shortly ago that you were living in Brantford and also interested in family history I am writing to you hoping that you will write to me.

I have always been interested in the Percies and have much information but desire more. Up to now I have gleaned the following.

The family of Percy or Piercy (as it was originally spelled) is from Co. Wicklow or Wexford in Ireland. The first of the name John came to this country with his wife Catherine Ryan widow of a man named Costello, his two children and three children of his wife ~~by~~ her first marriage. They arrived in Quebec ^{in 1795} where very shortly after a second son Michael was born. From here they moved to Fredericksburg and settled there.

With that as a start (if you are willing) we can begin to build a record of the family. If you think it too much work. Would you write to me answering a few questions? Should be forever grateful if you would. These questions puzzle me greatly.

1. The name Percy or Piercy is evidently not Irish - then how did they come to be in Ireland and when did they go there?
2. Just where in Ireland did they live and where was John (the original) living when he emigrated?
3. Why did he emigrate and when?
4. When and where were John & his wife Catherine Ryan born and when & where did they die?
5. Where is the family bible of the original John?

6. Did Michael Ryan brother of Catherine and a priest ever come to Canada?
7. Do you know the parents of John or his wife Catherine Ryan?
8. When did the family land in Quebec & how long did they stay there?
9. What lot & conc. in Fells Bay did they settle on and when?

If you will ~~attempt~~^{write} or attempt to answer some of these questions I shall be forever grateful.

All the records I have of the family have been gathered just for my own satisfaction but if it was more fully made out it would be nice printed and distributed among members of the family. Much valuable information is being lost by death of the older members of families—such information as would be priceless in years to come.

Shall look for a reply soon

Your sincere cousin

Herbert C. Burlingh.

My Dear General Campbell
I was pleased to
get a letter from you
I have a great affection
for all my relations
although many of them
are so far from me
I have for some all
indirectly which keeps
the space ~~the~~ a long
now I fear I shall
have to send you
instead of information
as I was the ¹³ ~~13~~ ¹³ ~~13~~
member of our family
and not bright or
independent

My paternal grandmother
was born in Ireland
her first husband
was an Irish gentleman
Grandfather was
Protestant and she
became one
I don't tell where
my father was born
my mother was born
on the shore called
the Island of Tynan
which would be an

MOTHER OF TEN GOES TO REWARD

"Where the river of life flows soft
and sweet

Through the garden of God so fair.
He has gathered them all, these
broken links,

We will find them waiting there."

In the death of Mrs. Margaret Morton Percy, which occurred at her home in Rucker, early Sunday morning, the community has lost one of its noble mothers. Mrs. Percy was the proud mother of ten children, all of whom have grown to maturity, and six grandchildren. Her illness dated back for several years, being a victim of heart trouble. All her children were with her during her last illness, ministering to her wants.

Margaret Morton was born January 3, 1860, at Kingston, Ontario, Canada. When a child her parents moved to Artemesia, in what was then the northern portion of the Province of Ontario. She was of Scotch ancestry, her mother coming from Aberdeen, and her father, who was a physician, was born in Paisley, and educated in Edinburgh. She was married to William J. Percy on July 6, 1878, and arrived in San Jose in December, 1893, and in January, 1894, they settled at Rucker. They were the second family to locate on Rucker avenue, then a grain field.

Mrs. Percy was devoted to her large family and was a typical home body. She was a Presbyterian by birth and lived a true Christian life. Six of her sons were in the recent war, three of whom went across the sea, namely, John, James and Johnson. The aged husband survives her with the following children: John, Johnson and Erroll of Gilroy; Calvin of San Francisco, James and Harold of Hobart Mills, Claude of Fresno, Mrs. Eliza Angle of Porterville, Mrs. Agnes Lott and Frances Percy of Gilroy.

Elder Reid conducted the services at Barshinger's chapel on Monday afternoon and his remarks were most touching. Mrs. Harry Holmes and Mrs. Cleon Lord sang hymns. The pallbearers were: Dr. H. R. Chesbro, Henry Hecker, W. F. Blake, Howard Carl, Harry Wilds, and A. Baldwin. Interment was in the Masons and Odd Fellows cemetery, and the grave was covered with beautiful flowers. The family have the sympathy of the community.

Christmas Church Tree

A rich treat was given the Sunday School Thursday night at the Christian Church in Gilroy. The school was treated to apples, nuts, candy, bananas and popcorn balls. Some of the classes received handkerchiefs, tops and balls. Everyone received something. The house was well filled with parents and friends. The program rendered by the little folks was good and all went home

FRUIT AREA IN SANTA

CLARA IS 118,000 ACRES

Santa Clara county has become the richest prune-growing center of the world, this year's prune crop being one-third of the prune production of the world and valued at approximately \$10,000,000.

The history of the prune-growing industry in Santa Clara county is an interesting narrative. From a few Petit D'Agen prune trees brought to this country by Louis Pellier and planted in 1855, the prune-growing business of the Santa Clara Valley has grown into a thriving industry that utilizes an area of more than 75,000 acres of orchard land and is handled by the California Prune and Apricot Growers' Association Inc., an organization of 11,000 members, with state headquarters in San Jose.

First organized in 1917, this association has grown in size and importance until it now operates thirty packing houses, countless orchards and many dryers, handling 80 per cent of California's prune production and 75 per cent of the state's apricots. The "Sunsweet" brand of prunes and apricots and other products of the association are marketed in all parts of the United States and in fourteen foreign nations.

Outlook Bright

Never before has the outlook for the prune market been so bright, declare local growers and packers and a steady, healthy growth in all phases of the industry is anticipated during the next few years. While the tonnage of prunes produced in Santa Clara county this year was not as great as those of some former seasons, the prunes were of better size and quality than in the past and brought excellent prices.

Prunes are one of the best-selling and staple agricultural products on the market today. Through the intricate workings of the California Prune and Apricot Growers' Association Inc., freshly packed prunes of the famous "Sunsweet" brand are sold daily in all parts of the country.

Not only is the prune-growing industry and other fruit-raising a great one in itself in the country surrounding the Garden City, but it has been the magnet that has attracted to this vicinity scores of other industries to engage in the making of canning and packing machinery, farm implements and harvesting equipment. Hundreds of workers are also attracted to Santa Clara county during the late summer and early fall to pick the prunes in the valley orchards.

Planned by Padres

The growth of prune-growing and in general in this county is increasing when it is considered the main purpose of the association in establishing the Santa Clara Valley de Guadalupe, San Jose, in 1777, was in order to have a permanent order of

Mexico for supplies. Every settler at the Pueblo was given a piece of land to till and from the beginning the instinct to grow agricultural products has been instilled in the residents of the fertile Santa Clara valley.

By 1800 ample fruit of various kinds was available for the sustenance of the mission and pueblo, but by 1805 more fruit was being produced than could be disposed of in its natural state and the beginning of the fruit-preserving industry was started. As early as 1792 Vancos visited the pueblo and saw a splendid orchard of pear, apple, peach, apricot, fig and olive trees, promising and thrifty. Although years horses and cattle were raised in abundance in this region, in 1853 fruit-growing took an important place, growing steadily into the present great industry which has placed the valley among the great fruit-raising sections of the world.

118,000 Acres Planted

In the Santa Clara Valley there is a total of 118,000 acres in orchards of various kinds. The approximate acreage of each kind of fruit is as follows:

Apples	1
Apricots	17
Cherries	4
Figs	1
Olives	1
Peaches	5
Plums	1
Prunes	80
Pears	4
Lemons	1
Limes	1
Oranges	1
Pomelos	1
Grapes	10
Almonds	1
Walnuts	2

Total 118,

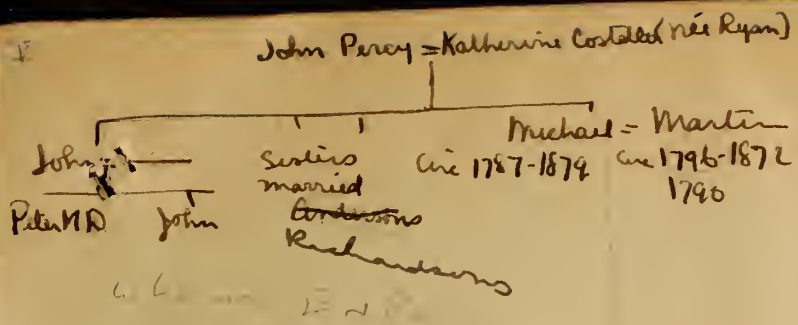

The average annual orchard production is:

Apples	10,
Apricots	25,
Cherries	10,
Grapes	40,
Peaches	25,
Pears	18,
Prunes (dried)	60,
Plums	3,
Almonds	1,
Walnuts	1,
Berries (chests)	65,

Average Production

A fair average of the yearly production represents:

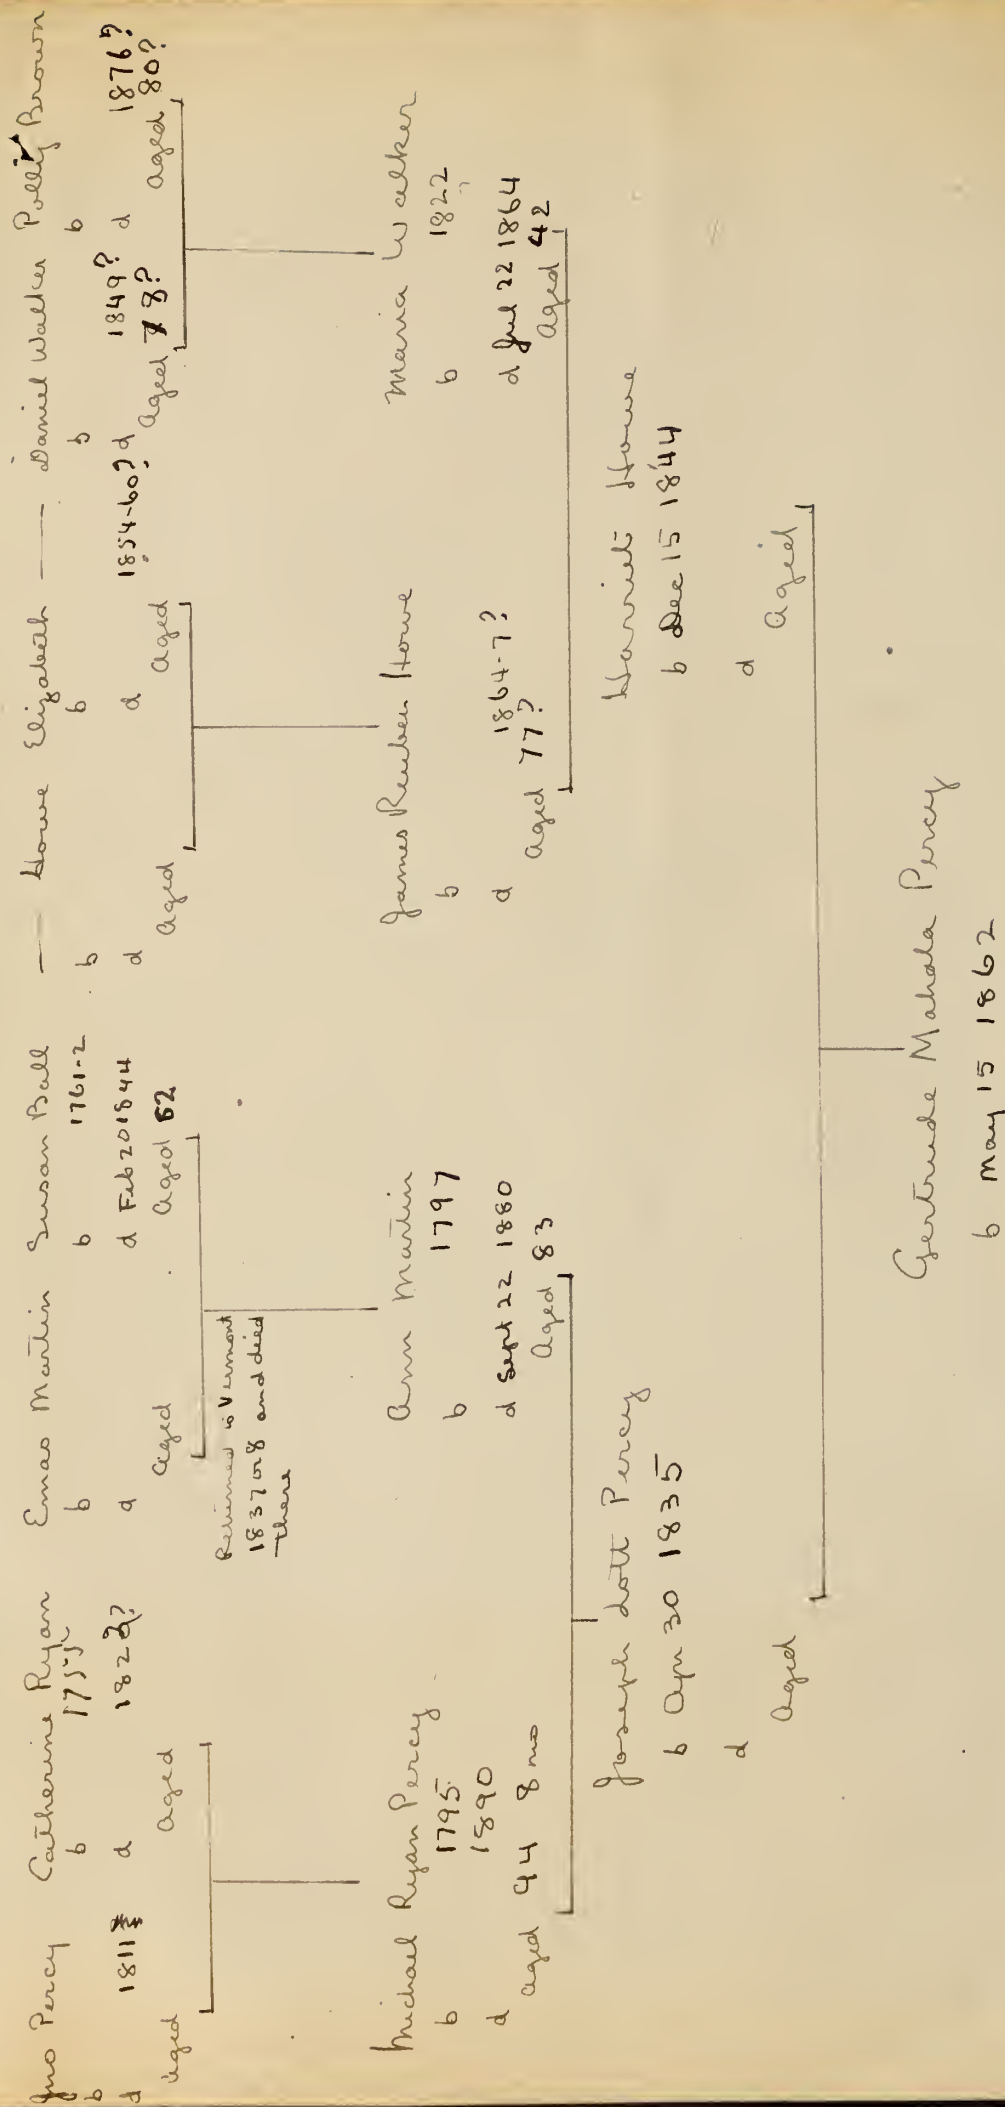

Sugar beets (for refineries)	150,000
Beans (canning)	5
Peas (canning)	1
Spinach (canning)	1,000
Tomatoes (canning)	60,000
Potatoes (fall)	1,000
Potatoes (early)	1,500
Other vegetables (cabbage, cauliflower, celery, artichokes, lettuce, squash, corn, onions, etc.)	2,500
Annually the Santa Clara Valley exports to foreign and domestic

Copy of Part of Letter from
Public Archives Toronto

Dear Sir:-

In answer to your letter of April 2nd,
we would say that under an Order-in-Council
dated 25th February, 1812, John Percy, the
younger, of township of Ernesttown, was allowed
200 acres of land as a son of John Percy,
the elder, a U. E. Loyalist. The location of the
land was lot 17, conc. 4, township of Burgess.

Yours truly

James J. Talman

The daughter who is said to have married Murdoff is more probably a daughter of the Piercy who married a Forshie. As has been said before there is so much doubt about the correct relationship of the Piercys, Murdoffs and Forshees.

5. John, elder son of John Piercy, born in 1789 before the arrival of the family in Canada. He is described as yeoman and spent the greater part of his life on the soil. In 1823, May 5th he received a grant from Crown of the east half of the west half of lot three in the second concession of Ernesttown. There is no doubt but that this property is that on which his father settled in 1795. He sold the property to Sheldon Hawley Oct. 18, 1827 and removed to lot 10 on the 6th concession of Ernesttown. Here he prospered and remained until shortly before his death. He is said to have retired to Napanee, but it is believed that he died at his sons in Newburg. In the Kingston Directory of 1857-8 he is mentioned as a yeoman of Switzerville. In the Canada Directory, 1857-8 he is also mentioned as Justice of the Peace.
